

RALLYE MATH

Your Path to Success

Marie-Ève Côté
Martin Francoeur

The **Rallye Math** collection consists of offering the student a set of series of complex tasks.

The goal of the collection is to help the student better prepare for the final exam of the course.

For each of the courses in the collection, there are a maximum of 54 items :

- **36 explicit knowledge questions;**
- **18 complex tasks.**

The complex tasks presented in the **Rallye Math** collection were designed with four dimensions in mind dimensions :

- **openness;**
- **the mobilization of knowledge;**
- **changes in semiotic registers;**
- **subtasks.**
